Subject:	RPV WELCOMES THE PRESIDENT/DRAFT FOR PENINSULA PEOPLE MAGAZINE

(Lili and Doug--NOTE: I've been asked by Kevin and Stephanie to assemble some photos for Peninsula People Magazine. Not included are photos with other noted's who were personal guests of the President. Let me know your thoughts before I send this. I'm not doing this as a City official, rather as a PR person who's been doing it for the Mag. for over 25 years. The Council was not in attendance on City business matters). I'll have to send some pics separately to modify the blurs.) Your comments are welcome. Any other photos to include? Exclude?

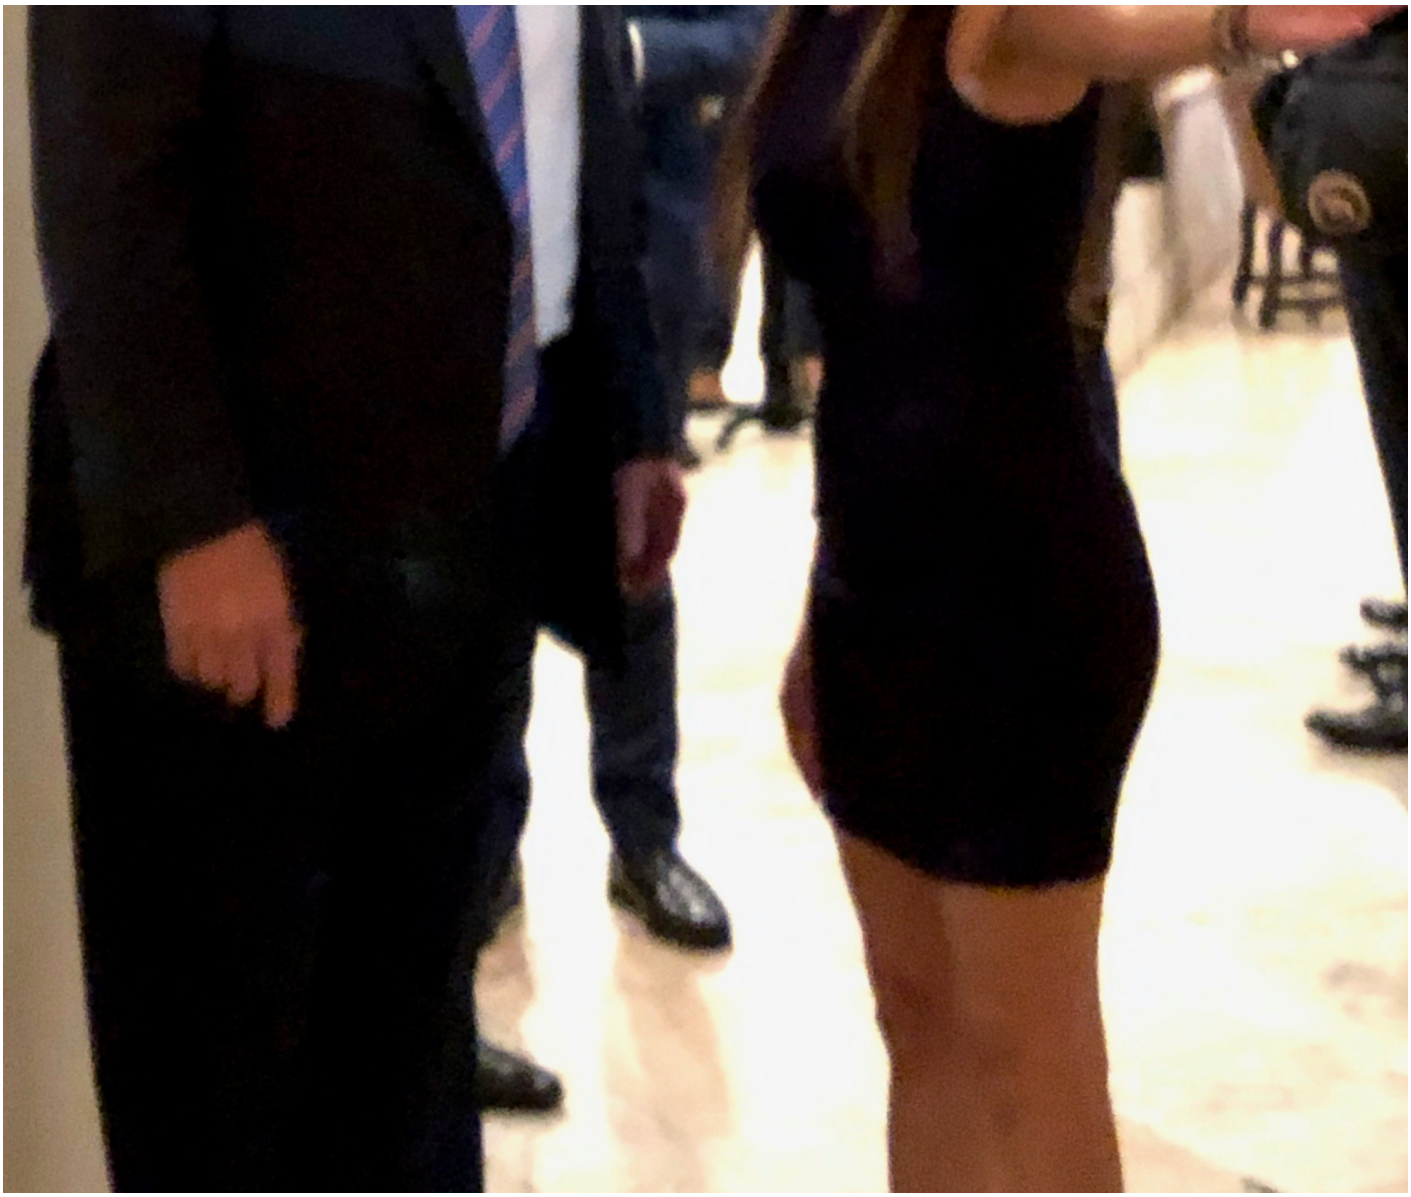
Members of the RPV City Council and friends of the Trump National Golf Club, were offered a special opportunity to enjoy dinner alongside President Trump as he visited with friends after a 3 year hiatus, since turning over the reigns to son, Eric Trump. Accompanying the President were friends and family.

The President was winding down a long day, which began with Immigration Officials at the Border Town of Calexico, and a fundraising event in Santa Monica. It was quite the thrill to see the Marine One Helicopter and Osprey land at the facility. Patrons were responsible for their own bills, as the evening culminated with a few photos and hello's from President Trump.

General Manager, Lili Amini is to be highly commended for undertaking the enormous task of Advance and Administration with very short notice.

This was a FUN-raising dinner and not a fundraising event.

Members of the RPV City Council gave a full thumbs-up for this exciting evening. (l to r) Mayor- Jerry Duhovic, City Manage Doug Willmore, Councilwoman -Susan Brooks, The President, Mayor Pro Tem- John Cruikshank and Councilman Ken Dyda.



A warm welcome accompanied General Manager, Lili Amini, as she introduces The President to the dining room guests.
